(Continued From Seventh Page.)

from the Eighth District show that Carlin was elected by a landslide.

LOUISA COUNTY.

Louisa Courthouse—Nine precincts out of twelve in Louisa give Bryan 250 majority and Carlin 400 majority.

PRINCE WILLIAM COUNTY.

Manassas—Bryan will have 700 majority in Prince William county. C. C. Carlin's majority over J. W. Gregg, for Congress, will be between 700 and 800.

CULPEPER COUNTY.

Culpeper—The election in this county passed off quietly. The vote in the county will reach 1,200. Bryan getting 1,000 and Taft 110. C. C. Carlin, Democrat, for Congress, carried the county over his Republican opponent, J. W. Gregg, by about the same as the Bryan vote.

ORANGE COUNTY.

Orange—Six precincts out of seven in Orange county give Bryan 313 majority and Carlin 356 majority.

FAUQUIER COUNTY.

Warrenton—Returns from seventeen precincts out of twenty-five give Bryan 1,249; Taft, 388. A majority for Bryan of 861. This will be increased to 900 majority for Bryan, with the Taft votes increased to 400. Carlin, for Congress, ran ahead of Bryan, and will defeat Gregg, Republican, by probably 1,000 majority in this county.

Ninth District

CITY OF BRISTOL.

Bristol—Returns and estimates upon partial returns from the Ninth District indicate that Slomp has defeated Byars for Congress. Byars carried only one county, receiving an estimated majority of 100 in Giles. Counties reported thus far give Slomp majorities as follows: Pulaski, 100; Wythe, 602; Bland, 54; Washington, 125; Russell, 500; Wise, 500. In Bristol Byars received 450 and Slomp 171. Bryan, 495; Taft, 157. Slomp carried Big Stone Gap, in Wise, by 807 majority.

Later—Congressman Slomp has been re-elected in the Ninth Virginia District by a majority of about 3,200. This is hardly as large as the ante-election claim made by Chairman Davenport, of the Republican committee, and by Mr. Slomp. Their estimate was that the Congressman would have a majority of 4,000. It was evident almost from the start that Mr. Byars had little hope of overcoming the Republican majority in this district, and he was not long in conceding the election of Congressman Slomp to-night, saying that the early bulletins indicated that Slomp might have upwards of the amount he claimed. Mr. Byars carried only Giles county and the city of Bristol. His majority in Giles, according to a message received at 11 o'clock to-night is even 100, while Slomp has carried all the other counties by majorities ranging from fifty to 800.

A significant feature is that notwithstanding his strong organization in the district, Slomp has suffered losses in Washington, Wise and Russell counties. On the other hand, he made a big gain in Wythe county. He also made gains in Smyth and Pulaski counties. Bryan carried North and South Abingdon by a majority of 147. A special from Gate City, Scott county, states

that Gate City gave Slomp four majority, and that reports from various precincts in that county indicate a majority of over 600 for Slomp.

RUSSELL COUNTY.

Honaker—Practically complete returns from Russell show a Republican majority of about 260. This is a Democratic gain of 100.

WISE COUNTY.

Norton—Slomp carried Wise county by 700 majority, and this figure will possibly be increased. Returns are coming in slowly. Slomp carried Clintwood, in Dickenson county, by 133, and will possibly carry the county by 500.

WYTHE COUNTY.

Wytheville—Returns from all precincts in the county but one indicate that Slomp has carried Wythe by from 500 to 600 majority. Taft's majority will be about the same.

CRAIG COUNTY.

Newcastle—Main precincts heard from in Craig will give Bryan and Flood about 115 majority.

SMYTH COUNTY.

Marion—Smyth county gives Taft approximately 450 majority and Slomp 415 majority over Byars. These majorities are about the same as the Republican majorities in the last presidential election.

Tenth District

ALLEGHANY.

Clifton Forge—The election passed off quietly here, and resulted in a majority of 269 for the Democrats. In the three wards of the city Bryan received 402 votes to 133 cast for Taft. Flood, Democrat for Congress, received 436 votes, and his opponent, Franklin, fell behind his ticket, his vote being 118.

The vote of Alleghany county cannot be obtained until to-morrow, as a number of precincts are remote from telephone and telegraph offices.

Covington—This county gives Taft 150 majority.

AMHERST COUNTY.

Amherst—The election was quiet here, about two-thirds of the entire vote being polled. Bryan and Flood, running about even, carried Amherst county by between 700 and 800 majority. Indications are that the vote is about the same as in 1904. At the courthouse precinct, the largest precinct in the county, the vote stood 140 for Bryan, for Taft 31. This was a slight falling off from the Parker vote for the Democrats, and a gain for the Republicans. Other precincts heard from show a gain for the Democrats and corresponding loss for Republicans.

AUGUSTA COUNTY.

Waynesboro—Thirty-two out of thirty-six precincts in Augusta county, not including the city of Staunton, give Bryan 1,209; Taft 915; Flood 1,292; Franklin 912.

CITY OF STAUNTON.

Bryan, 514; Taft, 347; Flood, 618; Franklin, 377; Prohibition, 55. County: Bryan, 1,443; Taft, 900; Flood, 1,533; Franklin, 933; Prohibition, 99.

CUMBERLAND COUNTY.

Cartersville—All the precincts of Cumberland county except Brown's Church, which could not be heard from to-night, gave Bryan 270; Taft 62; Flood 278 and Franklin 33. The pre-

clinet not heard from will go Democratic.

FLUVANNA COUNTY.

Palmyra—Fluvanna goes Democratic by about 300 majority.

ROCKBRIDGE COUNTY.

Lexington—In Rockbridge county twenty-one precincts out of twenty-two and the city of Buena Vista give Bryan, 1,084, and Taft, 542. Flood (Democrat), for Congress, 1,157; Franklin (Republican), 334. In 1904 these precincts gave Parker, 1,121; Roosevelt, 990, and in 1908, Flood, 800; Gregory, 458.

Buena Vista—Majority for Bryan and Kern, 57; majority for Flood, 79.

HIGHLAND COUNTY.

Montrose—Highland county gives a majority of 10 for the Republican national ticket. Flood's majority is 33 in the county.

BUCKINGHAM COUNTY.

Buckingham C. H.—Buckingham county gave the Democratic ticket the largest majority it has had here in years. At most precincts there was considerable enthusiasm. A fight occurred at Maysville Precinct between R. N. Johnson and R. E. Newton, but it was over a personal matter, and had nothing to do with politics.

light on the congressional situation in that region.

Familiar Faces.
There will be many familiar faces in the new Congress, including Speaker Cannon and his chief lieutenants, Messrs. Payne, Dake, Tawney, McCall, of Massachusetts, and Bartholdt, of Missouri. There was especially strong opposition to Messrs. Cannon, Tawney and Dake, but they are all reported as victorious. Burton, of Ohio, was re-elected.

On the Democratic side Champ Clark and Mr. De Armond, of Missouri; Clayton, of Alabama; Rainey, of Illinois; Ollie James, of Kentucky; Ransdell, of Louisiana, and Francis Burton Harrison and Fitzgerald, of New York, are all certainly returned.

Delaware will send a new Republican, Mr. Hendt, in place of Representative Burton; Georgia a new Democrat in the person of Mr. Hughes, in the place of Mr. Lewis; and Illinois James M. Graham, Democrat, in place of Mr. Caldwell, Democrat, while Clarence B. Miller, Republican, will occupy the seat of Adam Bede, of Minnesota.

Some Will Be Missed.
For the first time for sixteen years

one of the necessary number to assure control of Congress.

At 1:30 o'clock returns had been received from 316 congressional districts out of 391 in the country. Of these the Republicans had 177, the Democrats 139; 11 were doubtful, and from 64 districts no accurate returns had been received. On this showing the Republican party at this hour lacks 19 votes of being able to control the House.

OHIO TAFT'S BY GREAT MAJORITY

(Continued From First Page.)

Mrs. Taft were surrounded by a merry party of relatives and close friends.

At that time Judge Taft had no doubt of his election, as indicated by the congratulatory telegrams he sent to Chairman Hitchcock shortly after 9 o'clock, central time. Judge Taft declined to make any but the most general expression of satisfaction, saying he should delay his statement until Ohio is heard from.

Elaborate preparations had been made by C. P. Taft for the best telegraph service possible. One wire was directly connected with Republican headquarters in New York, and three others brought in news by the Associated Press and other sources.

The first news Judge Taft received was over the long distance telephone from his friend, Judge Fisher, at Jamestown, N. Y., and was to the effect that Jamestown had given Taft 2,300 majority.

"What has pleased me more than anything else up to this time," remarked the candidate shortly after 7 o'clock, "is the undoubted influence of Yale in Connecticut. We get Connecticut by 30,000, and Hartford by 3,600."

President Roosevelt carried this city by 15,000.

Congratulations Received.

Chairman Hitchcock was heard from as early as 6:20 o'clock. He said: "Heartiest congratulations on the significant vote."

James S. Sherman followed Mr. Hitchcock with this message: "My hearty and cordial congratulations. Your nomination created confidence. Your mastery campaign accelerated it. Your election clinches it. Your administration will continue it."

Governor Hughes wired Judge Taft at 8:20 o'clock:

"Heartiest congratulations on your splendid victory."
President Roosevelt's telegram to Judge Taft elicited the following reply: "Thank you for telegram. Without any expression from you I would know how deeply interested you have been in my success and how much you rejoice in it. It is your administration that this victory affirms."

"WILLIAM H. TAFT."

tion, the money will be promptly handed over to the winners.

Was a Light Vote.

The vote cast here yesterday was light when two things are considered. The first is the large number who are qualified in excess of those who actually voted, and the other that a most industrious campaign was waged by both sides up to the very day of the election. The Bryan-Kern-Lamb Club has on its rolls approximately 4,000, and the Republicans were seemingly well organized. In addition, much life was given to the struggle by the large number of business men who were working for Taft, without regard to former party alignments. Local Republicans were jubilant last night over the gains made in Richmond over their vote in 1904, and many of them declared that the increase means a steady and healthy growth of their voting strength throughout the State.

Democrats, on the other hand, did not appear deeply concerned along this line, and though making a losing fight in the election, they were, as a rule, of cheer concerning conditions in Virginia.

HENRICO COUNTY SAFE FOR BRYAN

Polls 567 Votes Against 190 for Taft, With Only Two Precincts Missing.

With only two small precincts to hear from, Henrico gave Bryan 567 and Taft 190 for President, and Lamb 586 and Luce 200 for Congress. The only others of the seven presidential candidates who received votes in the county were Debs and Hilsen, the former getting one vote at Montrose and the latter one at Barton Heights. Eight ballots were thrown out because of mistakes in marking. Montrose went for Taft by a majority of six, and Luce by a majority of eighteen, this being the only precinct in the county carried by the Republicans.

Not in many years have the citizens of the county shown as much interest in a presidential election. In fact, few of the local contents have ever caused much more excitement. Considering the number of qualified voters, the vote was unusually large, and the Democratic majority is very satisfactory to all those who know the number of voters in the county and the tendencies at the several precincts. Montrose being a Republican stronghold, was expected to go for Taft and Luce by a much larger majority than it gave. There were also others which were expected to give Republican pluralities on account of certain interests working for the party. By hard and consistent efforts, however, the Democratic workers succeeded in capturing them all but one.

How the Vote Stands.
The full vote from the thirteen precincts heard from is as follows:

Totals, 567 190 586 200
Town Hall and Glendale, both polling small votes, will probably not be heard from before this afternoon, as they are each out of telephone connection with the city.
